Accessibility Statement

Accessibility Statement for Parish Council Website

Parish Council Website is committed to ensuring digital accessibility for people with disabilities.

We are continually improving the user experience for everyone, and applying the relevant accessibility standards.

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of compliance: Level A, Level AA, and Level AAA.

Parish Council Website is fully compliant with WCAG 2.1 level AA.

Fully compliant means that the content fully conforms to the accessibility standard however, it is possible that some documents in the Archive do not meet the necessary standard.

If you have any comments on accessibility or if you encounter any issues whilst using Parish Council Website please use the Contact Form and select "Webmaster".

Thank you
